In our gym, our athletes acquire next level skills and are developed to reach their athletic potential. Our college placement history is unparalleled and demonstrates our staff's excellence in teaching and knowledge of what it takes for athletes to succeed at the collegiate level. Without question, Triangle athletes are among the most highly recruited in the Carolinas. If your athlete is keenly focused on preparing for their volleyball future, Triangle is, without question, the BEST choice.*

*Team Roster Size: Target roster size is 10-11 players per team. Practice Player positions will be considered for national teams in every age level if circumstances make the most sense for the team.*

At Triangle, we are fortunate to have over 80 coaches whose talent and experience is among the very best in the nation. ## THE UNIQUE TRIANGLE EXPERIENCE?

Since its founding in 2002, Triangle has established and nurtured a collaborative and supportive club culture. That culture is the foundation of our nationally recognized, consistent and comprehensive club training program which offers Triangle student-athletes the best overall volleyball training in the area. An established club-wide approach to skill development affords athletes access to the collective experience of our staff, thereby providing athletes with the highest level of training at all positions and competitive levels.

### COACHING & CONSISTENCY

- △ Triangle's coaching tradition is rooted in an educational model that teaches the *process* of winning. A **curriculum-based educational approach** to sport across all age and competitive levels supports continuous skill development in our athletes as they advance through Triangle's program.
- △ Triangle has nearly 90 coaches who make delivery on mission their highest priority. Furthermore, to best accomplish individual and team development, each team has a **unique and dedicated coaching team**. Additionally, Triangle has resource and support staff that can offer additional coaching capability to any team when necessary.
- △ Every Triangle team employs an established **training cycle** which supports athlete advancement and an appropriate balance between individual skill development, positional competency, and team skills throughout the club season.

**COMPREHENSIVE** - In addition to regular weekly team practices designed to focus on both individual and team skills, athletes will be introduced to additional training and education\* focused on overall athletic performance.

- △ **Position-Based Training** – is scheduled as part of every regular weekday practice. Training in these portions of practice is coached by Triangle's positional experts.
- △ **Athlete Health & Wellness Initiatives** address the many factors beyond volleyball that affect one's ability to reach their athletic potential while avoiding the risks of overuse injuries and athlete burnout that is rising considerably within youth sports. These items include training in the following areas and much more:
  - Good health, nutrition, and hydration. Active rest & recovery practices.
  - **Injury prevention** – Triangle has an [award-winning injury prevention program](#) that has proven to reduce the overall risk of injury while addressing the early **signs** of a potential overuse injury. These items include:
    - **Orthopedic Subfloor** – our gym floor provides our athletes with superior impact reduction, thereby reducing injury risk and fatigue common in other surfaces.
    - **Functional Movement Screen™[FMS]** – annual screening and engagement with our FMS support application identifies an athlete's injury risk and guides their efforts to reduce their injury potential.
    - [Trinity Wellness Center](#) has established a satellite clinic on site at Triangle Volleyball Club. Triangle's partnership with Trinity Wellness affords Triangle athletes exceptional access to care and injury prevention support in a full-service clinic setting.
      - **Physical therapy [PT] Diagnostic and Support services** to address injuries and/or mitigate injury risk are available regularly on-site to Triangle athletes at **no charge** to athletes.

### CLUB CULTURE

- △ The 'whole person' education called for by our mission is the foundation of Triangle's unique club environment that permeates through the entire club.
- △ Coaches invest in every athlete with the intention to take full advantage of the opportunity that sport provides to develop young people of character and teach life lessons that will serve them well both on and off the court.

*\*The actual training elements delivered to each team will vary depending on the team age and competitive level.*

## 17S PROGRAM COST DETAILS

Triangle's costs are derived from two (2) components, **DUES + UNIFORMS**. Triangle has adopted FAMILY-directed travel club-wide and dues include the cost of coach travel to the teams' events. Feedback from 2022 overwhelming supported the Family-directed model for its cost-savings and convenience.

**FAMILY-DIRECTED TRAVEL PLAN** – all teams of all ages (national and regional plus). **FAMILY-DIRECTED Travel** is when an athlete's transportation, meals, lodging, and supervision is arranged and paid for by their parent or designated guardian for the entirety of the trip. Most events have Stay-to-Play requirements meaning the athletes will lodge with their parent, guardian, or teammate(s) at the expense of parents in hotel room blocks secured by Triangle through the tournament's mandatory booking service.

### MORE DETAILS:

- **COSTS:** Transportation and lodging expenses for athletes are not included in dues. Instead, families will pay for expenses related to their family hotel room, athlete transportation\*, and food needs of their athlete on each trip. All costs associated with coach travel are already included in dues so there will be no separate travel assessment for each trip.
- **TRANSPORTATION:** For trips that would typically involve a flight. Parents should secure flights well in advance as flights becoming limited in availability and higher in cost as events approach. Thinking one will get a last-minute great deal just simply doesn't happen any longer.
- **LODGING:** Triangle will continue to provide lodging support to families using its long-standing relationships with tournament hosts and hotels. Given the extensive use of Stay-to-Play policies by event organizers, Triangle will secure hotel blocks at competitive rates for all families. Families are expected to book at the team hotel unless given prior approval to make alternative arrangements.
  - **TEAM-BASED lodging** – we recognize some athletes prefer to room together and parents prefer to have a room to themselves. Should this be the preference, parents can work together to secure an additional room in the Triangle team block for their athlete and teammate(s) to lodge together.
- **FOOD:** Each athlete's parent or designated guardian will be responsible for the food needs of their athlete including snacks and a healthy meal while playing. Team dinners may be arranged during a trip. Each individual is responsible for their own expense.
- **TEAM ACTIVITIES:** these activities often create great team memories and can be arranged with consideration of the competition schedule. Any cost associated with these activities will be the responsibility of each family.
- **SUPERVISION:** Once team competition, officiating responsibilities and any team activities are complete for the day the athlete will be under the direct supervision of their parent or designated guardian.

## 17S EVENT/TOURNAMENT SCHEDULE

When choosing events for our teams each season we keep the following things in mind:

- First and foremost, we seek a competitive schedule that is both age and level appropriate.
- We are fortunate to host multiple highly competitive “home” events (City of Oaks Challenge, MAPL Raleigh, Carolina Pre-National) that have the distinct advantage of requiring zero travel or added expense for Triangle families.
- Our schedules also seek to respect and find a balance that makes sense considering the many other factors that accompany travel sports
  - Financial burden on club volleyball families.
  - Missed days of school and the academic stress felt by student-athletes.
  - Overall mental wellness of our athletes.
  - The realities of the unpredictable and limited supply of affordably priced air travel with schedules that fit tournament schedules.
- Optional events are indicated as such. They are not included in the costs shown for the team. Participation in these events will be determined mid-fall.
